Agenda for today's training

| Topic | Time |
|---|---------|
| Introduction to m-SNA | 10 mins |
| Training and demo: <ul style="list-style-type: none">• Getting started: download app and log in• Module 1: schedule visits• Module 2: inspect PHCs / SCs (spot-checks)• Module 3: view reports and action items | 50 mins |
| Questions and answers | 10 mins |

1. Introduction: overview of m-SNA

Stringent monitoring is key to improve delivery of Primary Healthcare in Rajasthan

- It is the responsibility of state, district and block officers to monitor the delivery of public health services
- **Action-oriented monitoring** is key to improve delivery of healthcare services by aiding district and state level planning activities
- 3 months ago, we circulated '**spot-check**' **proformas** for PHC and SC and trained CMHOs on using them for monitoring – so far, **28 districts** have started using the proforma.
- Now, to make monitoring more **convenient, simple and action-oriented, Department is launching m-SNA mobile app**

m-SNA to make monitoring simple, convenient, and action-oriented

m-SNA mobile application helps address 3 key questions:

1. Module 1: How often should department officers visit PHCs / SCs? How should visits be scheduled?
2. Module 2: What should be inspected during the spot checks? How should this information be recorded / reported?
3. Module 3: What action should be taken based on the field visits?

Module 1: scheduling of visits

| Level | Official | Expected frequency of field visit |
|----------|--------------------|---|
| State | All state officers | <ul style="list-style-type: none">• 2 PHCs, 2 Sub-centers |
| District | CMHO | <ul style="list-style-type: none">• 5 PHCs, 10 Sub-centers |
| | DPM | <ul style="list-style-type: none">• 5 PHCs, 10 Sub-centers |
| | A / Dy. CMHO, RCHO | <ul style="list-style-type: none">• 5 PHCs, 10 Sub-centers |
| Block | BCMO | <ul style="list-style-type: none">• If additional charge: 3 PHCs, 6 Sub-centers• If no additional charge: 6 PHCs, 12 Sub-centers |
| | BPM | <ul style="list-style-type: none">• All PHCs (if less than 10 PHCs in the Block), or else 10 PHCs; 20 Sub-centers |

Module 2: simplified PHC / SC proforma

PHC / SC spot-check template have been created

PHC Questionnaire Submit

HR Availability at PHC

Q. No . Of Medical Officer Total Sanctioned

Select

Q. No . Of Medical Officer in- position and working at PHC

Select

Q. No. Of Medical Officer/s Present at PHC during visit

The template evaluates PHCs / SCs on 8 key criteria

- 1 Staff vacancy and attendance
- 2 Services provided
- 3 Availability of free laboratory tests
- 4 Availability of free medicines
- 5 Physical and medical infrastructure
- 6 Utilization of PHC / SC
- 7 Quality of service delivery
- 8 Monitoring of PHC / SC

Module 3: reports and action items ('tickets') generated to track status as well as prompt action (1/2)

Reports on progress of monitoring activity

Compliance of officers at all levels can be monitored by CMHO / state officers: % visits conducted versus planned will be tracked real-time

| District | CMHO | RCHO | Dy CMHO | DPM |
|------------|------|------|---------|-----|
| District 1 | 62% | 70% | 69% | 67% |
| District 2 | 54% | 59% | 61% | 59% |
| District 3 | 54% | 63% | 59% | 58% |
| District 4 | 61% | 70% | 71% | 67% |

Reports on key parameters of facility performance

Reports on each metric will be generated with a state, district as well as block view

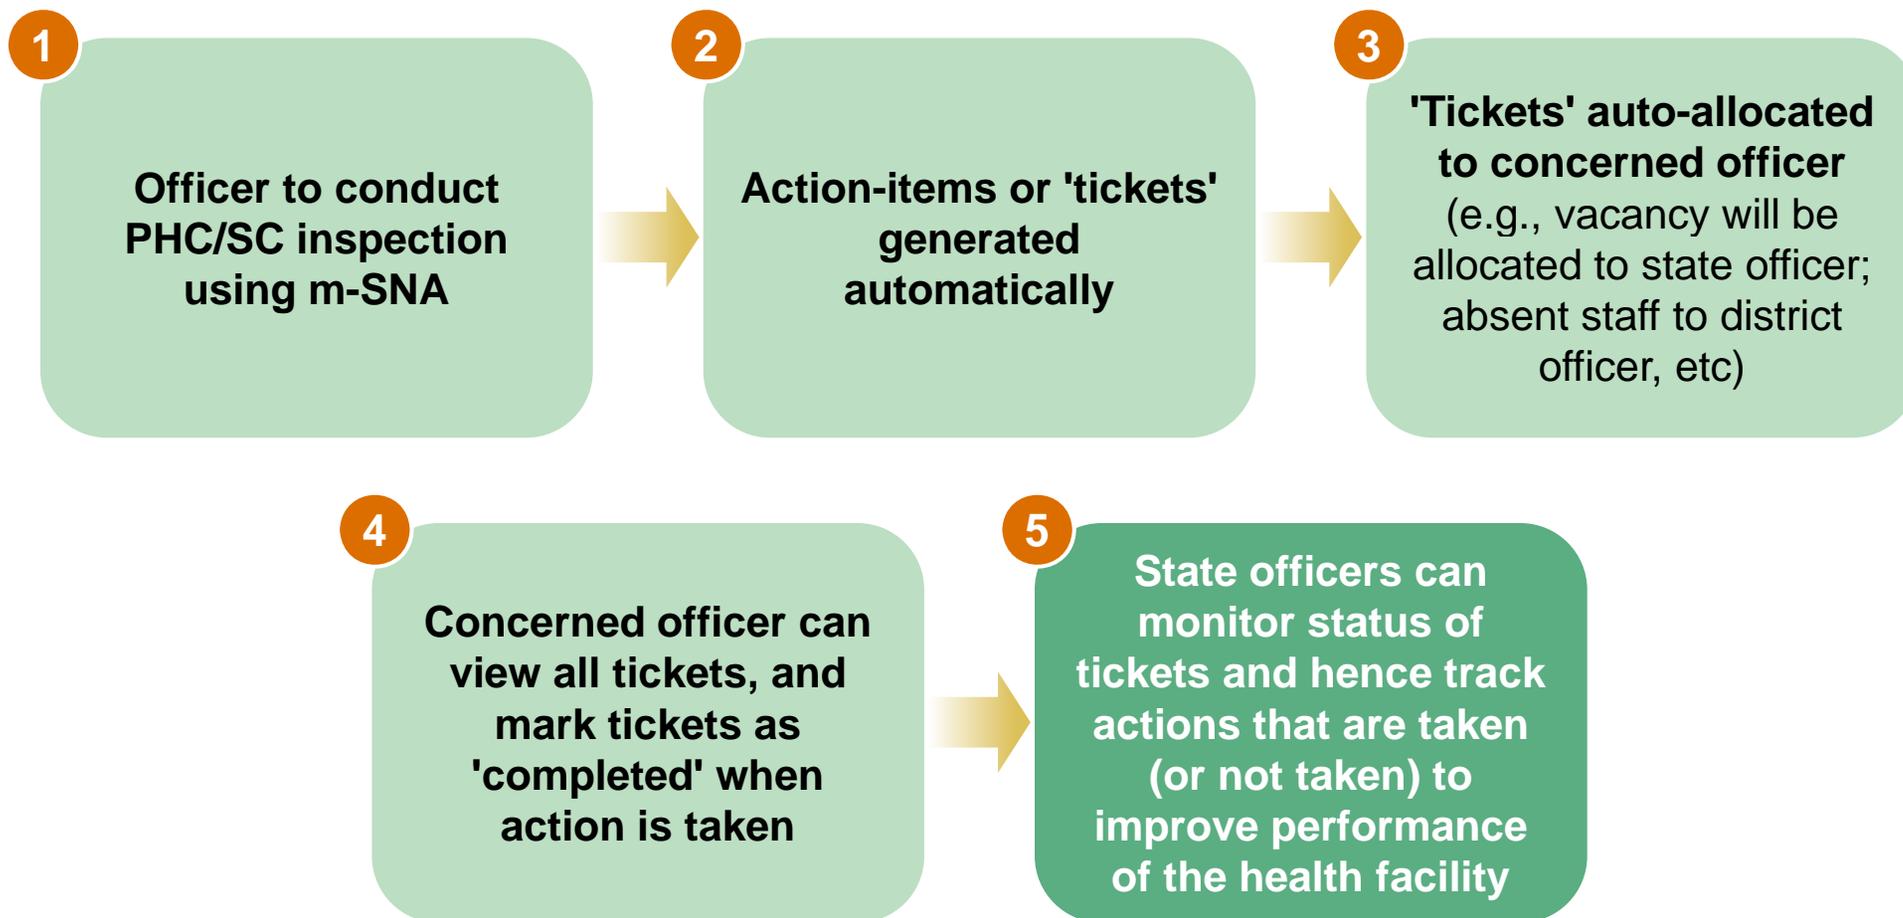

Example: HR availability report at block level:

| HR Availability | | | | |
|-----------------|--------|--------|--------|----------|
| PHC | MO | ANM | Comp. | Operator |
| PHC 1 | Red | Green | Yellow | Red |
| PHC 2 | Yellow | Red | Green | Red |
| PHC 3 | Green | Red | Red | Green |
| PHC 4 | Green | Green | Red | Yellow |
| PHC 5 | Yellow | Yellow | Yellow | Green |

Module 3: reports and action items ('tickets') generated to track status as well as prompt action (2/2)

Understanding action items called 'tickets'

Different issues found during monitoring may be solved at block, district or state level

Sample of issues solved by different officers for a PHC

State level officer

- Staff vacancy
- Physical infra: PHC building
- Physical infra: MO / other quarters

District level officer

- Staff absenteeism
- ANM availability
- Poor utilization (OPD / deliveries)
- Laboratory services
- Medicines

Block level officer

- Cleanliness and hygiene
- Electricity / water supply
- Staff absenteeism
- Citizen charter and IEC
- Waste management

After a monitoring visit, several issues are identified, tickets formed, and allocated to relevant officer
